

NOTED MEN SPEAK AT CONFERENCE ON SOUTH'S EDUCATION

Third Session Opens At
Jacksonville With Many
Addresses.

JACKSONVILLE, Fla., April 21.—The third session of the fourteenth annual conference for education in the South began today with an address on "The Rural School as an Essential Factor in Sanitary Progress," by Dr. Allen W. Freeman, of the Virginia department of health. Dr. Allen was followed by Dr. J. N. Hurty, health commissioner of the State of Indiana, who addressed the conference on "The Child." The progress of sanitation in Florida," by Dr. Hiram Byrd, of the Florida department of health, and "The Church for the Working Farmer," by Dr. Warren H. Wilson, of the Presbyterian board of home missions, completed the morning's program.

In the conference are leading educators, statesmen, editors, lawyers, physicians, preachers, farmers, merchants, and manufacturers, who meet to discuss in a practical way the fundamental problems of education and life in their application to conditions in the Southern States. Its purpose is the development of the South and its aim to give to all opportunity for education.

Hitchcock Invited to Speak to Circulators

Postmaster General Hitchcock has been invited to address the Circulation Managers' Association, at their annual convention in Chicago in June. He today informed Harry E. First, the international president of the association, that he would accept if he could make arrangements to get away at that time. If Mr. Hitchcock can not go it is probable that Third Assistant Postmaster General Britt will address the association. "Second Class Matter; Its Use and Abuse," will be the subject discussed.

French Population Is Drifting Toward Towns

PARIS, April 21.—Drift of the population from country to town is the feature of the census, final results of which were announced today. Paris retains its rank of third among the cities of the world, with a population of 2,846,386.

62 net, lace, and voile dresses

to sell at **\$16.75**

Kinds that regularly retail at \$25.00 to \$40.00

Cool weather has been prevalent all over the United States. Some merchants are curtailing orders for summery dresses because of this cool spell, and makers must sell thin dresses at whatever loss to them.

This maker from whom we secured these 62 dresses caters to the best trade in garments of this kind, and we consider it a bit of real good fortune that we were able to secure the lot.

So pretty and suitable for evening wear now, as well as later in the summer.

Materials are white nets or laces embroidered designs, and with inserting of lace in fanciful effect and washable voile, or marquise embroidered in white or colors of delft, coral, black, and the real new gold effect.

All with square neck and short or three-quarter length sleeves. These dresses are finished at waist with cord girdle or crushed satin girdles.

You'll like them. All sizes from 34 to 42. Grasp the opportunity. 2d Floor—Suit Section.
